BRAIDED SLEEVING

TECHFLEX
Braided Sleeving Products

BRAIDED SLEEVING

Wire & Cable Protection

Braided sleeving organizes & protects wire and cable harnesses. It's also perfect for color coding and enhancing the aesthetic of your wire harness. Depending on its material and construction, braided sleeving can serve a multitude of functions, from impact protection to EMI shielding. Choose from expandable, split tube, wraps, hook and loop, and other sleeving types.

A MIKE FINNEGAN FAVE IS...
Techflex® Braided Sleeving

GENERAL PURPOSE SLEEVING

Versatile Sleeving for a Wide Range of Industry Applications.

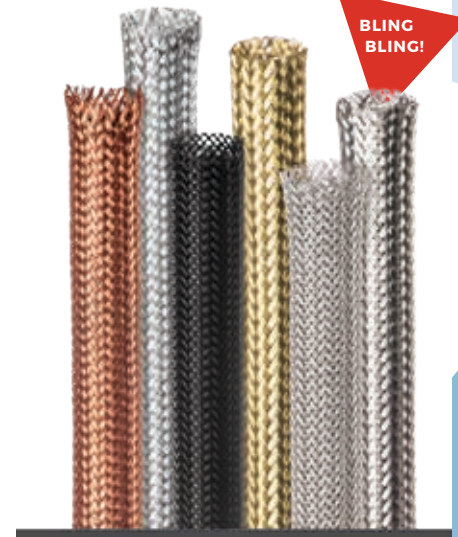

Ideal For: Home & Office, Automotive, Marine, Color Coding, AV, & Home Theater

HEAVY DUTY SLEEVING

Built to Endure the Toughest Jobs And Environments.

Ideal For: Construction, Welding, Impact Protection, & Heavy Equipment

METAL & SHIELDING SLEEVING

EMI, RFI, and ESD Protection to Last a Lifetime While Looking Beautiful.

Ideal For: Shielding Protection, Aesthetics, Steam-Punk Project, & Grounding

ADVANCED ENGINEERING SLEEVING

Sleeving Engineered to Exact Specifications & Tight Tolerances.

Ideal For: Aviation, Aerospace, Biomedical, Pharmaceutical, & FR Applications

EXTREME TEMPERATURE SLEEVING

State-of-the-Art Material for High Heat Protection.

Ideal For: Automotive Engines, Welding, Exhausts, Aerospace, & Open Flames

SPECIALTY SLEEVING

High Engineered, Application Specific Sleeving Products.

Ideal For: Biomedical, Videography, Aesthetics, Liquid Protection, & More

ELECTRICAL INSULATION SLEEVING

Leading Wire Protection in Low & High Voltage Applications.

Ideal For: Insulation, Generators, High Voltage Lines, Small Electronics, & More
